me: this fucking Davila chick
me: this activist
me: what's her deal?
me: I've gleaned that she's probably not the most virtuous of community organizers
BushwickBK.com: she's just a fucking Lopez drone
me: also,
me: these die hipster people
me: are giant faggots themselves
me: I'm going to attack them in next column
BushwickBK.com: they're gentriwhiners
BushwickBK.com: oh wild
BushwickBK.com: I can show you one of the comments I didn't let through
me: because frankly I've given up on trying to get anyone, arrival or native, to do anything that might preclude them from spending a few more precious minutes on their precious little lives
BushwickBK.com: you can use it as fodder
me: fucking worthless peons
me: all of them
me: no historical sense
me: they are no better than a fucking serf
me: haven't gotten a single e-mail of inquiry from a single person in Bushwick
me: with the exception of Cowherd
BushwickBK.com: the new way or living is not in fucking ethnic ghettoes
me: who is already doing more than his part
me: and then you, who are already doing more than your part
BushwickBK.com: oh, well, you will probably have to show something before people bother
BushwickBK.com: I am?
me: I've shown enough to get the participation of 100 fucking people including people far busier and more accomplished than any of these fucking little prick faggots around here
me: fucking Michael Hastings is in Afghanistan doing lots of shit already and he's a member
me: these people have no excuse
me: now, if they were forming their own organizations
me: then that would be fine
me: but they're not
BushwickBK.com: they're very concerned about the gulf, barrett
me: fucking faggots can go clean it
BushwickBK.com: haha

BushwickBK.com: ok I gotta go talk to some luddite about what the internet is so he will buy an ad
BushwickBK.com: bbl
me: word
me: lol
BushwickBK.com: oh my gah
BushwickBK.com: he asked me how big the magazine was!
BushwickBK.com: PHYSICALLY
me: who is this, lol?
BushwickBK.com: manager of the bad spanish place that replaced the bad pizza place that replaced the bad italian place, at wilson and starr
BushwickBK.com: I couldn't email him any info because "we don't have internet here yet"
BushwickBK.com: me: *stare*
me: why would you sink time into trying to convince such an obsolete 11th-18th century peon proprietor to do something of value to his business that goes beyond the customs of fucking genepool nightmare, USA?
me: by which I mean this area?
me: call him back and offer him a sandwich board
me: or say you're selling skywriting
BushwickBK.com: because he has money that I want him to give me
me: except that you do skywriting with lightning with methods proposed by Tesla
me: which is true
BushwickBK.com: haha
